(SOUTH KANARA)

Dear Sir,

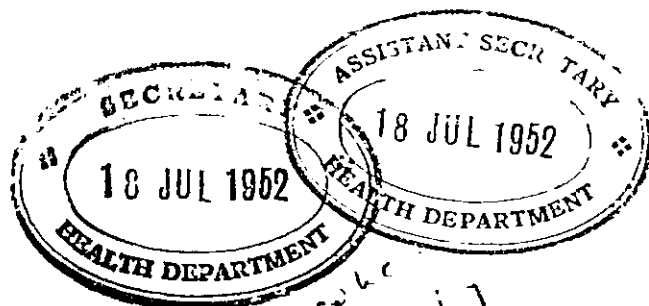

18-7-1952

I reliably understand that the South Kanara District Board has passed a resolution recommending to open Rural Dispensaries at Angadimogam and Badiyadka in Kasargod Taluk, South Kanara District. As the people of these parts are suffering for want of medical aid, may I kindly suggest to you to place order the opening of Dispensaries in these places at an early date. May I expect a line in Reply.

Yours Sincerely

Hon'ble Sri A.B. Shetty,
Minister for Public Health,
Govt. of Madras.

Government of Madras,
M A D R A S

Sir,

Dated 18-7-1952

& Ref:- No- Rural Dispensaries in Kolathoor,
Kuttikole, Bendadka and Beddadka -
Population about 15,000, hardship to
residents - Relief solicited.

In my constituency of Kasargod Taluk, South Kanara District, it is my painful duty to bring to your kind notice the strange fact that there is no Rural Dispensaries for the villages of Kolathoor, Pedadka, Kuttikole and Bendadka, though the population of these groups of villages is more than 15,000. To make the matter worse I am ashamed to say that there are no roads in these villages and these villages are situated about 12 miles away from Kasargod Town. During the monsoon period certain parts of these villages become inaccessible for pedestrair And it is really unfortunate that poor sick persons should submit to their fate due to lack of medical aid.

Under these circumstances I suggest to you to kindly order to open a rural Dispensary immediately in a centre of these groups of these villages to cater their needs.

Yours faithfully,

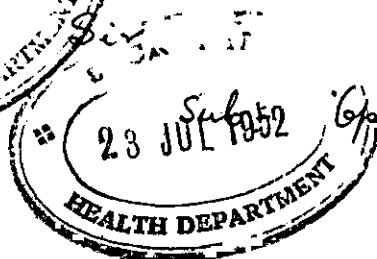

Maddas

Date 17th July 52.

Opening of a rural Dispensary
at Badiatka.

34278

May I bring to your kind consideration that the public of Perundal and the Badiatka Panchayat Board have been making representations to Government Hospital at Badiatka. This thickly populated rural area is put to much hardship for want of adequate medical aid.

Now I am in receipt of a communication from the District Director of medical services Madras asking our Panchayat Board whether it is in a position to start a dispensary here from its own funds. Our Panchayat Board is a minor one and it will be hard for the Panchayat Board to share the burden all by itself. Even then we have assured the Director that the Panchayat Board

6
will contribute the maximum within its means
as the hospital is of such urgent necessity.
We will strive our utmost in this matter
therefore we fervently pray that you will be
kind enough to order the opening of a hospital
at Badiakha to afford the medical aid the
absence of which is keenly felt at present.

I beg to remain
Sir

Yours faithfully

B. Kamalaksho-Sir.

Letter dated 17-7-'52.

Memorandum No. 33450/52-1, Health, dated 27th Sept. '52

Sri M.S. Mogral and the P.P.B., Badiyadka are
informed that the question of opening of a new substi-
dized rural dispensary of Indigenous medicine at
Badiyadka to serve the villages of Kolathoor, Bedadka,
Kuthkole, Bendadka and Angadimogum and Badiyadka in
Kasargod Taluk will be considered in connection with
the Budget for 1953-54.

2. The H.D.I.M. is requested to include the case
in the consolidated proposals to be submitted to the
Govt. for consideration as a part II scheme for 1953-5

Extract of the minutes of M.(H):-

"Secretary Health, Please put up a reply"

A.B. Shetty (M.(H))
Dt.18-7-52.

The letters from Sri M.S. Mogral, B.A., M.L.A. at
pp.1-3 c.f. and from the President, Panchayat Board,
Badiyadka at pp.5-6 c.f. may be perused. They request
that dispensaries of Indigenous Medicine may be opened
at (1) Angadimogam (2) Badiyadka (3) Kalathoor (4)
Kuttikole and (5) Bedadka.

2. The South Kanara Dt. Bd. resolved last year to
open 39 new Rural dispensaries at the places mentioned
at C on p.85 c,f, (X), and requested sanction of the
Govt. for the payment of subsidies to the R.V.Ps. and
Maternity Assts. proposed to be appointed in them. [Of
the 5 villages mentioned in para 1 above ^{two} three villages
viz., Angadimogam, Badiyadka, Kuttikole of Kasargod taluk
only find place among the 39 villages] - As the finances
of the Dt. Bd. were poor, ^(Department) ~~the~~ suggested the opening of
one new dispensary (the place being settled by the
South Kanara Dt. Bd.) and it was treated as a Part II
Scheme for 1952-53. But the Standing Finance Committee
and the Cabinet ^{decided} ~~agreed~~ to give subsidies only to exist-
ing dispensaries and deferred the proposal for opening new
subsidized rural dispensaries. So the request of the
South Kanara Dt. Bd. could not be complied with and order
to that effect were ~~already~~ issued in Memo.No.50494 I/51
27, Health, dated 28-8-52.

As the Panchayat Bd., Badiyadka is prepared to
contribute the maximum within its means, the proposal
to open a dispensary at Badiyadka may perhaps be considered
(along with the other similar proposals ^{which may be received} as a part I

(P.T.C)

Scheme for 1953-54. It is for orders whether the P.P.B.

and Mr. Mogral may be informed accordingly.

Please permit me to express our thankfulness to you
for the kind memo cited above giving due consideration for
our repeated representations for opening a Govt. Hospital at
Badiadka. The public of the village for which the hospital is
intended as noted in the memo and also the large agricultural
population of the neighbouring villages without any access
even to the minimum medical relief ^{ful great relief} at the kind response of
the Govt. ~~feel great relief~~ in the matter.

We fervently pray again that you will be good
enough to include the scheme in the ensuing budget for 53-54.
We eagerly await the very early opening of the hospital at
Badiadka from April 1953 itself.
